Overview

Edit Account Details

ASPnetDating gives you complete control over your account. You can change your password, name, email, site URL and payment details whenever necessary.

Payment History

Payment history gives you information for you current balance, processed payments and gives you the option to request your commissions when you have reached the “minimum sum to request payment” set by the administrator.

Affiliate Banners

This feature allows you to select the banner to place on your site. For each banner you can preview its look, name and html code generated for your account.

View Commissions

ASPnetDating software provides detailed information on your commissions. Based on this information you can view the commission you received for each user subscription.

Affiliate Administration Management

This option allows you to manage the affiliates details, payment request, view affiliate payment history and commissions and uploads your banners that will be available for them to use.

Login and Register page

In order to become an affiliate and you will need to create an account. There are several fields required for your registration:
